CSCI 1300

Intro to Computing

Gabe Johnson

Lecture 6   Jan 28, 2013

Functions, Loops

Lecture Goals

1. Announcements
2. More Code: Functions, Loops

Upcoming Homework Assignment

Functions and Loops

The homework is out! Go to GitHub and take a look at the new folder inside 'homeworks'. This time is trickier: We will be writing functions that take input, do stuff with it, and return correct values.

Announcements

1. **Email Policy:**
   * Characterize your issue
   * Try to debug your issue
   * Email TA before emailing Gabe
   * Make a GitHub Gist with your code and mail the link. Don't mail me files or paste in code.
   * English!

HW 2 is out

Lets go to GitHub and look at

the email policy, because people love policies

the homework

... and then we'll code!
